Viewing My Student Account

Each month students are notified via their University e-mail account reminding them to view their student account for recent activity and to pay any amount due by the due date. The student account is available online via UI-Pay for students and Authorized Payers to view and print, and includes all student account transactions such as: payments received, and charges and credits for tuition, fees, and housing.

Through UI-Pay, students may provide one additional email address to receive these monthly notifications. To receive notifications at additional e-mail address, select "User Preferences" from the UI-Pay menu.

STEP 4: ENTER YOUR COUNTRY & SELECT PAYMENT TYPE

- You are now in Flywire's payment portal. Enter the country you are paying from and the amount you need to pay.
- Based on your country selection Flywire will automatically display your local currency rate with the appropriate payment options, such as traditional bank transfer or debit/credit card payment.
 - Traditional bank transfer (also known as a wire) is the most cost effective method. Please note that to complete the payment you will need to make arrangements with your bank (in-person, online, or over the phone) and send your funds to Flywire in your chosen currency.
 - Online Options - Based on your country, you may have online payment options available which will allow you to make an online payment in your home currency. Flywire handles the foreign exchange so you will know the exact amount that will be deducted from your account before making your payment.
- Flywire will then convert your currency and pay your institution.
- If you have an account in a different currency that you would prefer to use, select that country in the "what country are you paying from" field instead.
- If you select your home country, but you don't see your home currency, not to worry — you can always pay in the currency of your institution or select a different currency. The process and benefits will remain the same, however, your bank will handle the foreign exchange before sending the funds to Flywire.
